## WARNING

This document contains classified information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive TALENT-KEYHOLE information. Its security must be maintained in accordance with KEYHOLE and TALENT regulations.

## PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

#### SUMMARY

This military installation is located in the center of Saaremaa Island (Figure 1). It is associated with Monnuste Airfield [REDACTED], approximately 2 kilometers (km) south-east. The military installation covers approximately 110 acres and contains family quarters, multistory barracks, administration buildings, storage buildings, a probable vehicle/maintenance storage building, and support buildings

(Figures 2 and 3). The Monnuste Air Defense Sector Headquarters [REDACTED] is located here. A secured rail-served ammunition storage area, 1.7 km south, covers 10 acres and contains at least 3 storage buildings.

A comparative analysis of KEYHOLE photography of July 1963 and June 1964 reveals no significant change in the installation.

#### DESCRIPTION OF INSTALLATION

##### Railroad Service

A rail line passes the military installation on the west and enters the ammunition storage area.

##### Road Service

This installation is served by good all-weather roads.

##### Aircraft Landing Strips

The military installation is located 1.7 km northwest of the Monnuste Airfield.

##### Administration and Troop Housing Areas

Area D1 contains 9 multistory barracks, 3 multistory administration buildings, and 48 probable quarters.

Area D2 contains 4 multistory administration buildings and 7 support buildings.

##### General Storage Area

Area E contains 13 storage buildings.

##### Ammunition Storage Area

Area F, 1.7 km south, contains 3 ammunition storage buildings.

##### Other Buildings

Area H contains 3 support buildings.

##### Equipment Storage/Maintenance Areas

Area J contains a probable vehicle storage/maintenance building, 175 by 70 feet.
